2"-Profile Foundation-Style Base – The low-profile design easily fits inside the frame of your bed.

Head and Foot Articulation or Simultaneous Movement – Effortlessly raise the head, foot, or both simultaneously to find your perfect relaxation position.

850-lb. Lift Capacity – This high-performance base easily lifts up to 850 lbs. total maximum weight, including the mattress.

Wireless Remote – The technologically advanced wireless remote allows you to effortlessly raise the head and foot with the touch of a button.

Flat Button – Programmed out of the box with a press-and-hold go-flat button for safety, this base easily changes to a one-touch flat button for convenience.

Under-Bed Light – Under-bed lighting provides ambience and functionality. Control under-bed lighting using your remote to make getting in and out of bed at night easy.

Adjustable Legs – Heavy-duty 2½"-diameter legs quickly and easily adjust from 6" to 10" in height for a perfect fit.

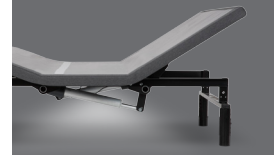

Power-Down – For added safety in the event that electricity is lost, the emergency power-down feature will slowly lower the base using a battery backup.

MicroHook™ – Our exclusive MicroHook™ retention system eliminates the need for a mattress retainer bar at the foot of your bed, providing a sleeker, more modern look.

Wireless Syncing – Easily program split sizes through the remote for simultaneous action – no sync cable required.

Available in the following sizes: Twin, Twin XL, Full, Full XL, Queen, Split Queen, and Split California King.
